April 15, 2020

Dear Valued Customers and Suppliers:

Due to Covid-19, most of us are under similar stay at home orders provided by our various state governments. On April 8th, Minnesota’s Governor extended our order stating that all persons currently living within the State of Minnesota are ordered to stay at home or in their place of residence except to engage in specific limited activities and Critical Sector work as outlined by the executive order.

Because of our classification as an essential business under the Order, this memo is intended to confirm that this Order does not require the closure of Great Northern Equipment’s Minnesota business operations.

While most of our team has moved to a work-from-home status in order to ensure their safety and to comply with the Governor’s directive, we all remain connected and ready to support your needs. We are maintaining our shipping and receiving functions on a daily basis.

Lastly, during our regular Monday-Friday 8AM – 5PM CST business hours, we remain ready to take your calls and assist you with all of your parts, engines, maintenance supplies and power equipment needs. Please do not hesitate to contact us at 800-822-0295.

Sincerely,

Chris Brown
Vice President
Great Northern Equipment

March 26, 2020

Dear Valued Customers and Suppliers:

On March 25, 2020, Minnesota Governor Tim Walz signed Emergency Executive Order 20-20, requiring all persons living within the State of Minnesota to stay at home beginning 11:59 p.m. on Friday, March 27, 2020 through Friday, April 10th at 5PM.

This memo is intended to confirm that this Order does not require the closure of Great Northern Equipment’s Minnesota business operations, because its workers work in a Critical Sector under the Order.

While most of our team has moved to a work from home status in order to ensure their safety and to comply with the Governors directive, we all remain connected and ready to support your needs. In addition, we will continue shipping and receiving functions on a daily basis.

Sincerely,

Chris Brown
Vice President
Great Northern Equipment

To Our Valued Customers:

As the novel coronavirus (COVID-19) continues to impact our communities, I want to share the steps we are taking as a business to help keep our customers, our teammates, and our communities safe.

We continue to closely monitor this situation and the recommendations of the Centers for Disease Control and Prevention. We are also implementing supplemental internal cleaning and sanitation procedures to deal with this situation. Prevention begins with the recommendations of the Centers for Disease Control and Prevention for hand-washing, of covering one’s mouth and nose when sneezing or coughing and avoiding contact with people who display symptoms. We have also asked our team to refrain from large gatherings, meetings and physical contact, handshakes, etc.

While our office will remain open at this time, we are implementing more work from home opportunities, elimination of visitors, travel and temporary suspension of all Will Call orders. We are taking all recommended precautions to minimize or eliminate the possibility of exposure. We have a strong team and will continue to serve your needs and support your business.

This situation is changing rapidly and we will continue to monitor events as they occur.

Thank You and Stay Safe.

Sincerely,

Chris Brown
Vice President
